PUBLIC UTILITIES COMMISSION.

"PUBLIC UTILITIES ACT."

PURSUANT to the provisions of section 27 of the "Public Utilities Act," the following order was made by the Public Utilities Commission on the 30th day of March, 1942, and concurred in by the Wartime Prices and Trade Board on April 6th, 1942:—

IN THE MATTER OF LOW-POWER FACTOR LIGHTING EQUIPMENT.

W. A. CARROTHERS, D.F.C., Ph.D., *Chairman.*
L. W. PATMORE, LL.B., K.C., *Commissioner.*
J. C. MACDONALD, B.A., B.E., *Commissioner.*

The 30th day of March, 1942.

Whereas the use of fluorescent, neon, zeon, and other hot or cold cathode type of gaseous tube lighting equipment is rapidly expanding:

Whereas such equipment has inherent low-power factor characteristics:

Whereas the use of low-power factor lighting equipment is likely to cause serious disturbances to the quality of service rendered, and in all cases tends to the ineffective use of electric generating and distributing plant, thereby increasing the cost of electric energy to other users on the same system:

Whereas the low-power factor characteristics of such equipment can be economically corrected by the use of suitable devices associated with or upon the lighting equipment:

Whereas the Commission, after careful study, is of the view that it is not in the general interest that uncorrected low-power factor lighting equipment should be used and that steps should be taken to limit the use thereof:

Now, therefore, pursuant to section 27 of the "Public Utilities Act," it is ordered that:—

All public utilities shall have the right to refuse electric service for the operation of fluorescent or other type of lighting equipment having similar operating characteristics, which is not equipped with power factor corrective devices so that the power factor of such equipment when in operation is not less than 90 per cent. lagging.

This right shall obtain in respect of new installations as from May 1st, 1942. In respect of equipment served or installed before May 1st, 1942, lack of corrective devices shall not be sufficient cause for a refusal to continue service during the life of an existing contract, or before December 31st, 1942. However, on and after July 1st, 1942, in all cases where power factor correction has not been made, and where existing rates or contracts do not include a provision for the additional costs arising from low-power factor, the public utility shall have the right to charge for the added cost of low-power factor according to rates either presently approved or to be approved by the Commission.

PUBLIC UTILITIES COMMISSION.

[SEAL.] W. A. CARROTHERS, *Chairman.*

Concurred in by the Wartime Prices and Trade Board.

M. W. McCUTCHEON,
Deputy Administrator of Services.

If a copy of the Bill, petition, and notices proved as aforesaid shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session or if the petition has not been presented to the House within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees shall be returned.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

102. Before any petition praying for leave to bring in a Private Bill for the erection of a toll-bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

103. (1.) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the clauses of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2.) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3.) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

107. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

In the case of Bills to incorporate companies, in addition to the fee of \$300 mentioned in Rule 98, fees calculated on the capital of the company are payable at the same time. Further particulars can be had on application to the undersigned.
